## The Company

FH Comércio Internacional, Lda is a company that carries out its functions in the civil construction sector, being our specialization in resin flooring.

Founded in 2011 our company has a sustained growth, a wide experience in the area and qualified professionals.

With its own headquarters in Palmela, in the Parque Industrial Vale do Alecrim, we carry out our work in mainland Portugal, Azores, Madeira and also abroad.

## Our Values

The company today reflects a leadership based on the principles and values of seriousness, respect, quality and competence, we also value all business stakeholders (employees, customers, suppliers and citizens). We always look for the solution that best suits our client so that the service provided adds value to its main activity.

## Mission

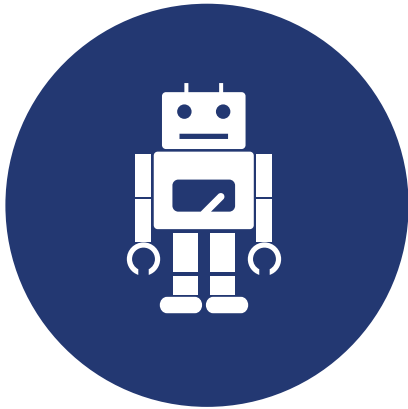

We focus on the continuous improvement of our service, for this, knowing our client's needs and presenting the most technically adequate solution, financially better and that their downtime is as short as possible so that their activity does not suffer financial impact, our goal is achieved.

## Vision

Our goal is to continue to expand our Company, both nationally and internationally, maintaining sustained growth and a well-cemented relationship with our customers, from the oldest to the most recent.

## Technology

We always try to keep up with the vanguard of equipment and product technology in order to create better working conditions for each specific case identified on site.

## Brand

We are representatives of the FLOORHARD® brand, a brand with over 20 years' experience in this market segment, which is committed to the continuous development and improvement of industrial flooring systems.

## Teams

We have our own teams to execute our work, they have training and experience, acquired over several years.

## What we offer

We carry out small, medium and large sized work, we do surface preparation work and supply and apply floor covering systems.

We focus on understanding the needs of customers and presenting a solution, or more, that is effective and always with quality.

### Surface preparation

We have a wide range of machinery, including: shot blasting machines, milling machines and satellite/manual polishers for removing coatings from old and deteriorated floors in order to have the best conditions for applying the new coating. Always with BLASTRAC technology.

### Application of floor covering systems

We have all the flooring system solutions of our FLOORHARD® brand, industrial and decorative. ACRYFLOOR, EPOFLOOR, POLYFLOOR AND PROTECFLOOR systems.
